

The 9th Annual Workshop on Mathematics in Medicine, Vienna 2026

Mathematics for Medicine (Against Cancer)

July 20 – 22, 2026

Location: WPI c/o University of Vienna, Oskar-Morgenstern-Platz 1, A1090 Vienna

Speakers:

Morten Andersen	Roskilde Univ.
Alexander Anderson	Moffitt Cancer Center, Tampa
Clémence Bolut	INSERM Toulouse
Marie-Jose Chaaya	I2M, Aix-Marseille Univ.
George Cresswell	CCRI Wien
Jan Elias	Boehringer Ingelheim Wien
Heiko Enderling	MD Anderson Cancer Center, Houston
Florian Halbritter	CCRI Wien
Anna Kicheva	ISTA Klosterneuburg
Natalia Komarova	UC San Diego
Angelika Manhart	U. Wien
Kazuhiko Matsuoka	CCR MedUniWien
Johnny Ottesen	Roskilde Univ.
André Rendeiro	CeMM ÖAW Wien
Thomas Stiehl	RWTH Aachen
Hildegard Uecker	Max Planck Institute, Plön
Chiara Villa	CNRS U. Paris Cité
Dominik Wodarz	UC San Diego

Organizers:

Loïc Dupré	INSERM Toulouse & MedUni Wien
Polina Kameneva	CCRI Wien
Doron Levy	U. Maryland

Goals:

This workshop aims to bring together mathematicians and medical researchers for selected presentations and discussions of methods and open problems where modern mathematics including AI / ML can be useful with some emphasis on cancer. All talks are aimed at a general audience.
